

Van Duzen at Riverside and Coal Creek Team

We made it!

Probe Time

Brian exploring the Van Duzen

Moving on to Coal Creek

The magical sparkly Van Duzen River

We made it to Coal Creek

The Young Scientists find their way.

To the Waterfall : Colder than usual : Why?

Collecting Data : Coal Creek is 10 degrees colder than the main stem Van Duzen River.

Setting the Probe

Going Exploring

Did they really disappear?

Woody Debris

A Great Kids in the Woods Day

9/18/16 The Return to Coal Creek

Heading to the Probe

Almost There

Got IT!!!

Back to the Van Duzen Main Stem

The Beautiful Van Duzen River

Be the River!

Getting the 2nd Probe

Another Great Kids in the Woods Day

Young Scientists: The Next Generation
